Full-Stack Developer leveraging a background in entrepreneurial start-ups and service industry to build a strong rapport and collaboration with the technical aspect and client relations. Newly developed skills in JavaScript, CSS, React.js and responsive web design. Known as a creative problem-solver, strong self-leadership and passionate about developing apps, with a focus on mobile-first design and development. Effectively collaborates with professionals using strong interpersonal skills.

## PROJECTS

**Simple Eats Mobile App**
**Live Link:** https://kaciehatley.github.io/simple-eats/index2.html
**GitHub Link:** https://github.com/jodiRhoades/simple-eats
- A simple solution to "what's for dinner?" in the palm of your hands.
- Responsible for design and layout assisted with logic as needed.
- **Tools:** HTML: created browser format rendering a multi-page app, CSS and Materialized CSS: formatted browser layout, JavaScript, jQuery, and API: these tools were used to create the functionality of the app.

**UNCC Web Development Bootcamp Forum Mobile App**
**Live Link:** https://uncc-bootcamp-forum.herokuapp.com/
**GitHub Link:** https://github.com/jodiRhoades/project2
- A forum used among web development students to come together and discuss topics they have questions on, share resources for jobs, or go over class activities with each other.
- Responsible for part of the logic and assisted with design and layout as needed.
- **Tools:** Handlebars: created browser format rendering a multi-page browser, CSS and Bulma CSS: formatted browser layout, JavaScript, jQuery, and API with JSON: these tools were used to create the functionality of the app, MySQL: works the database by saving the forum posts and replies and then retrieving them on a keyword search, and then hosted on an Express Node.js server with Heroku as the platform used to deploy the app.

**Virtual Host Mobile App**
**Live Link:** https://virtual-host.herokuapp.com/
**GitHub Link:** https://github.com/jodiRhoades/virtualHost
- An app that marries beacon proximity technology and event/locational participants. The result is an educative experience for that consumer; providing in-app notifications of the closest beacon.
- Responsible for concept, initial research, and development, assisted with API calls throughout, page layouts for "Events" and "Vendors", along with all logic and coding with affiliated pages, and assisted with design throughout.
- **Tools:** MERN stack (MongoDB, Express Server, React and Node.js): created a browser format rendering a multiple page application to include a backend database, Semantic UI React was utilized for the CSS and design, Passport Middleware is part of the authentication process along with the Google OAuth. Eddystone UID beacons, Eddystone API, and Google OAuth were all utilized to send the notifications via the app and Heroku was used as the deployment.

## EXPERIENCE

**Ritz Carlton, Charlotte, NC**                                                     02/2011- Present
**Licensed Senior Massage Therapist**
Provides consistent quality massages catering to and educating client's addressing their needs or requests.
Train new hires to the standards and protocols expected and required. Assist with the creation and revisions
of SOP's and monthly inventory.  Maintain state and national licensure for 25 years with ongoing continuing
education.
- Highest client retention on the team
- Recognized team member of 5 Diamonds/ AAA and 4 Stars /Forbes customer service
- Nominee of '5 Star Employee'

**Vintage Market Days of West Connecticut, Connecticut**             08/2017- 01/2020
**Franchise Owner/ Manager**
Successfully owned and managed a franchise for vintage event festivals. The events were held for 3 days and
were done in compliance with the franchisor. This particular franchise was in Connecticut and managed from
North Carolina while working full time at the Ritz Carlton. Required travel every other week.
- Effectively managed all business documentation as a foreign business from NC to CT and all financial
  obligations
- Hired and trained all support staff and recruited volunteers while collaborating with artisans,
  vendors and merchants effectively and professionally
- Leveraged expertise and success to spearhead a sponsorship to a local nonprofit
- Managed all marketing; social media, TV, billboard, local community outreach, and cross-marketing
- Networked with local government to meet event guidelines; local police, signage requirements,
  medical and first responder personnel
